Lesson 4.1   3.7.2020
Implementing Projects #5

DAILY OBJECTIVE

Today, you'll be working on your end of semester project. This will be the last full day of implementation before your end of semester show and tell, so use it wisely!

DEFINITIONS

No new definitions today!

Section 1: Implementation

It's the first full day of project development!

1.1 Implementing Projects

Begin work on your project in Wick Editor using your project design documents, and project schedule documents completed up to this point!

While implementing your projects, consider the following:

1. **Have you finished your tasks on the project schedule?**

2. **Are you on track to complete today's task?**

3. **What resources can you use to help you stay on track?**
